EDUCATION

Davidson College

Davidson, NC

Bachelor of Science, Major in Cognitive Science, Minor in Data Science

May 2026

- GPA: 3.96/4.00 • *magna cum laude* • Phi Beta Kappa
- Relevant Coursework: Machine Learning, Deep Learning, Data Visualization, Mathematical Modeling, Database Programming, Research Design & Statistics, Data Structures, Linear Algebra, Cognitive Psychology, Perception & Attention

University College London

London, UK

Psychology Affiliate Student

September - December 2024

TECHNICAL SKILLS

- **Languages:** Python, SQL, R, Stata, Java, C#, JavaScript, HTML/CSS
- **Data Science:** scikit-learn, PyTorch, NumPy, statistical modeling, regression, hypothesis testing, data cleaning
- **Tools:** Git, GitHub, Unity, Blender, Qualtrics, Excel, LaTeX

RESEARCH AND PROFESSIONAL EXPERIENCE

Davidson Research in Immersive Virtual Environments

Davidson, NC

Human-Computer Interaction and VR Researcher

May 2024 - Present

- Designed and executed quantitative user studies investigating user behavior and experience in Virtual Reality using Unity / C#
- Collected, cleaned, and analyzed behavioral and survey data from 200+ participants using R, applying statistical modeling and analyses to identify significant patterns and inform research conclusions
- Translated research findings into two first-author *IEEE VR* publications and presented results to international research audiences

Data CATS (Data Consulting, Analytics, & Tutoring Services)

Davidson, NC

Data Science Consultant

August 2025 - May 2026

- Consulted with students and faculty on statistical analysis, data science, and programming projects across disciplines
- Debugged and optimized analytical workflows in Python, R, SQL, and HTML, improving reproducibility and efficiency

Cats Stats Sports Analytics

Davidson, NC

Sports Analytics Researcher

June 2025 - May 2026

- Analyzed Davidson's Division I field hockey performance to identify trends and provide data-driven recommendations to staff
- Designed and developed a web application that streamlined in-game data collection and visualization, enabling coaches to make faster, data-informed strategic decisions
- Worked closely with coaching staff and team managers to understand workflow needs, iterate on features, and improve usability

Video Game Sociology Lab - Davidson College

Davidson, NC

Data Science and Machine Learning Researcher

May 2025 - April 2026

- Built and cleaned large-scale dataset of video game characters and statistics using Python, Beautiful Soup
- Developed and evaluated machine learning classification models using sci-kit learn to predict character demographics from gameplay attributes, compared model performance and communicated findings at *Southern Sociological Society*

PUBLICATIONS

- **J. A. Schwanewede**, Y. Itoh and T. C. Peck, "A Cross-Cultural Study: The Impact of Lab Clutter on Performance and Movement in AR and VR," Manuscript in preparation for submission to *IEEE Virtual Reality 2027*.
- **J. A. Schwanewede**, A. D. Bond and T. C. Peck, "Clean Up Your Lab: The Impact of Technology Clutter and Replica Environments on Cognitive Performance," in *IEEE Conference on Virtual Reality and 3D User Interfaces (VR)*, pp. 508-518, Mar. 2026.
- **J. A. Schwanewede**, A. A. Guth and T. C. Peck, "The Impact of Environment Design Bias on Working Memory," in *IEEE Transactions on Visualization and Computer Graphics*, vol. 31, no. 5, pp. 2933-2942, May 2025.

LEADERSHIP

Davidson College Games Club

Davidson, NC

Vice President and Social Chair

January 2024 - May 2026

- Organized and led social events for a club of 300+ members, including board, card, and video games to strengthen community
- Co-hosted an interview with MatPat (*The Game Theorists*, collective following of 50+ million) in front of 400 attendees

WALT 1610 Radio

Davidson, NC

Bass Guitarist and Band Coordinator

April 2023 - May 2026

- Coordinated and played in band performances, collaborated with student organizations to organize campus music events
